"6th Course on Aesthetic and Reconstructive Surgery of the Face", Maastricht, March 26th – 28th, 2015

Program

Thursday, March 26th – Friday, March 27th, 2015

*Van der Valk Hotel
 Nijverheidsweg 35
 Maastricht, The Netherlands*

Lecture series, round table discussions, demonstrations of cadaver preparation
 Come-together with the faculty in the evening

**Saturday, March 28th
 (Maastricht University)**

*Anatomie & Embryologie
 Faculty of Health, Medicine & Life Science
 Maastricht University
 Universiteitssingel 50, 6229 ER Maastricht*

Dissection course with exclusively fresh frozen specimen, approaches to the face, local anatomy at the site of incision, dissection of the facial nerve, the SMAS layers and local skin flaps, personal teaching by the faculty with step-by-step teaching.

**Limited attendance.
 Early registration is highly recommended.**

EACMFS Accreditation

This course is pending for EACMFS credits.

Hotel Recommendation

6th Course on

Aesthetic and Reconstructive Surgery of the Face – Including special Lectures on Facial Transplantation

Fresh Frozen Cadaver Preparation

Maastricht / NL

March 26th – 28th, 2015

25 YEARS RESEARCH SCIENCE TEACHING EDUCATION

The course is pending for EACMFS credits

Limited Workshop Attendance

In conjunction with the **MUMC Maastricht**

6th Course on Aesthetic and Reconstructive Surgery of the Face – Including special lectures on Facial Transplantation

Maastricht, March 26th – 28th, 2015

Dear Colleagues,

Join us at the 6th Course on Aesthetic and Reconstructive Surgery of the Face which will focus on surgical approaches to the face and the dissection of facial soft tissues. Again we were able to assemble an outstanding international faculty to share their exceptional experience by a great variety of lectures and clinical presentations. **This time we were able to include a special lecture series on facial transplantation. The speakers – Benoît Lengele, Hubert Vermeersch and Jan de Cubber – belong to the pioneers in this unique field of reconstructive surgery.**

Anatomical, clinical and practical considerations come to the fore: blepharoplasty, mid-face- and face-lift procedures, local skin reconstructive techniques, lip- and face reconstruction are the key issues of the course. **Special attention will be paid to the topographic anatomy of the face.** The audience gets the chance to discuss each surgical step with the surgeon, the anatomist and the faculty members.

Furthermore we offer the opportunity of a dissection course with **exclusively fresh frozen specimen.** The participants will be able to perform all desired procedures and surgical techniques comparable to the real theatre setting. We provide a detailed dissection manual with illustrative step by step instructions. Additionally each participant will have the chance of personal teaching by our team of experts. We will provide a professional, yet intimate atmosphere and are looking forward to welcoming you in Maastricht.

Peter Kessler
MUMC Maastricht

Gwen Swennen
AZ Sint Jan Brugge-Oostende

Course Topics

- Anatomy of the face
- Anatomy of the skin
- The aging skin
- Approaches to the face under aesthetic aspects
- Dissection of the skin
- Dissection of the SMAS layers
- Lifting and suturing techniques
- Dissection of the facial nerve
- Dissection of local skin flaps
- Lip reconstruction

Course under the auspices of the S.O.R.G. Academy

Course Directors and Organization

P. Kessler,
MD, DDS,
Professor

G. Swennen,
MD, DDS,
Professor

R. Böckmann,
MD, DDS

Distinguished Guest Faculty

J. Camilo Roldán, MD, DMD, PhD, FEBOMS, Hamburg (Germany)
H. Declerck, Materialise, Leuven (Belgium)
J. de Cubber, MD, DDS, Maastricht (The Netherlands)
A. Herrler, MD, PhD, Maastricht (The Netherlands)
K. Ingels, MD, PhD, Nijmegen (The Netherlands)
A. Lataster, MD, PhD, Maastricht (The Netherlands)
B. Lengele, MD, PhD, Professor Leuven (Belgium)
H. Vermeersch, MD, PhD, Prof. Dr., Gent (Belgium)

Program

Thursday, March 26th, 2015

13:00	Registration	
13:30	Introduction	Kessler
14:00	Facial anatomy – part I: <ul style="list-style-type: none"> • The skin – regional differences • The lymphatic and vascular system – drainage of the face 	Lataster/Herrler
15:00	Coffee break	
15:30	Facial anatomy – part II: <ul style="list-style-type: none"> • SMAS and mimic muscles – a functional system • The facial and the trigeminal nerve – a good team • The parotid gland from a topographic point of view 	Lataster/Herrler
16:45	Discussion	
17:15	End	

Program

Friday, March 27th, 2015

08:30	Registration	
09:00	Photo documentation in aesthetic surgery of the face	Kessler
09:30	Facial anatomy as a key issue in reconstructive and aesthetic surgery of the face	Roldán
10:00	“Step-by-step” surgical technique towards brow-lift, face and neck-lift	Swennen
11:00	Blepharoplasty – anatomy, incision lines, variations	Ingels
11:45	The lips – an aesthetic entity of its own	Roldán
12:30	Lunch break	
Facial Transplantation (VCTA) – already a Standard Procedure in Reconstructive Surgery of the Face? – Special Lectures		
13:30	Ethical dilemmas in Complex Facial Reconstruction – the role of VCTA	Kessler
14:00	Key points in Complex Facial Transplantation + discussion	Lengele
15:30	Coffee break	
16:00	The Synergy between Surgeon, Anaplastologist and Clinical Engineer	Vermeersch/Declercq/de Cubber
17:00	Round-table discussion on VCTA	
18:00	Introduction to the cadaver dissection course	Kessler
19:30	Get-together with the faculty – Restaurant in Hotel van der Valk, Maastricht	

Saturday, March 28th, 2015

9:00 – 16:00 (limited attendance)

Anatomie & Embryologie, Faculty of Health, Medicine & Life Science
Maastricht University, Universiteitssingel 50, 6229 ER Maastricht

- Hands-on Course with exclusively fresh frozen specimen
- Limited attendance / one specimen for two participants
- Personal teaching by the faculty with step-by-step teaching
- Incision / approaches for lifting procedures
- Dissection of the SMAS and sub-SMAS
- Dissection of the fasciae (superficial/innominata/deep) of the temporal muscle
- Dissection of the platysma
- Dissection of the facial nerve
- Dissection of typical local flaps

Registration and Information

www.sorg-group.com, info@sorg-group.com

I want to register for the “6th Course on Aesthetic and Reconstructive Surgery of the Face”, Maastricht, March 26th – 28th, 2015

Participant Fee

- Day ticket, Friday only € 250
 Course without cadaver dissections € 650
 Course with cadaver dissections € 1.100
 (10 workstations for 20 participants)

For all participants from the EU

Verification of entrepreneurial status according to council directive 2008/8/EC. Please tick your corresponding category:
 Private individual (employee in a practice/hospital)
 Entrepreneur / trader (owner of a practice/hospital)
 (Please provide an extract from the commercial register or entrepreneurial status issued by your tax office.)
 Employee and entrepreneur (owner of a practice/hospital and employee in a practice/hospital)
